

PAULSON J

Java Full Stack Developer | Software Developer

jpaulson2004@gmail.com • +91 9360958479 • Dharapuram, Tamil Nadu, India • LinkedIn • GitHub • Portfolio

PROFESSIONAL SUMMARY

Computer Science graduate (B.E., 2026) with full-stack development experience from four internships and multiple projects. Experienced in Java, JavaScript, MySQL, MongoDB, PostgreSQL, and REST APIs. Built full-stack and AI-powered applications, including FinGrow and PrivLock AI. Seeking an entry-level Java Full Stack Developer role.

TECHNICAL SKILLS

Languages: Java, JavaScript

Frontend: React, Next.js, HTML, CSS, TailwindCSS

Backend: Node.js, Express.js, REST APIs

Databases: MySQL, MongoDB, SQL Server (SSMS)

Tools & Platforms: Git, GitHub, VS Code, Android Studio

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), DBMS, REST API Design

INTERNSHIP EXPERIENCE

Fullstack Web Development Intern

Unified Mentor Private Limited

July 2026 – Present
Gurugram, Haryana, India (Remote)

- Developed **FinGrow**, a full-stack financial habit and wealth tracking platform using React, Node.js, Express.js, and PostgreSQL, implementing habits, savings goals, authentication, and admin functionality.
- Developed full-stack features for **ReWear**, a clothing-exchange marketplace using React, Node.js, Express.js, and MongoDB, contributing across frontend, backend, and database layers.

App Developer Intern

Capri Nexus Private Limited

February 2026 – April 2026
Puducherry, India (On Site)

- Built a Flutter-based grocery shopping application featuring user authentication, product management, cart functionality, and order processing.
- Conducted UI development, testing, and debugging cycles, optimizing app performance using Flutter, Dart, MySQL, and Git.

Web Development Intern

ZedIndex

June 2025 – July 2025
Chennai, Tamil Nadu, India (Remote)

- Developed a book review platform using Next.js and TailwindCSS.
- Improved UI responsiveness and user experience through targeted frontend enhancements.

Website Development Intern (HTML/CSS)

Imbed Software

February 2024 – March 2024
Karaikudi, Tamil Nadu, India (Remote)

Built and deployed responsive, cross-browser-compatible websites using HTML and CSS.

PROJECTS

FinGrow – Financial Habit & Wealth Growth Tracker

React, Node.js, Express.js, PostgreSQL

- Developed a full-stack financial habit and wealth tracking platform with financial habits, savings goals, authentication, and administrative functionality. | GITHUB
- Implemented transaction-based financial workflows, PostgreSQL data management, role-based access control, and automated testing.

PrivLock AI – Intelligent PII Detection & Redaction System

Python, Flask, Flutter, OCR, Regex, spaCy NER, FAISS, Sentence Transformers, MySQL

- Developed an AI-powered PII detection and redaction system that detects and protects sensitive information across PDF, Word, image, and text files using OCR, Regex, NER, and semantic policy retrieval. | GITHUB

ReWear – Clothing Exchange Marketplace

React, Node.js, Express.js, MongoDB

- Developed a full-stack marketplace application with authentication, listings, swaps, image uploads, real-time chat, and role-based admin dashboards. | GITHUB
- Designed MongoDB schemas and data models to support multi-user listings and transaction workflows.

EDUCATION

B.E., Computer Science and Engineering

Mount Zion College of Engineering and Technology, Anna University | CGPA: 7.55 / 10

2022 – 2026
Pudukkottai, Tamil Nadu

CERTIFICATIONS

Java Programming for Beginners

IBM (Coursera, 2026)

Artificial Intelligence

IBM SkillsBuild Advanced IT Skills Program, ICT Academy (2025)

RPA Foundation Course

UiPath, Naan Mudhalvan (2024)

MongoDB Basics for Students

MongoDB (2024)
